Early Stage Researchers' Retreat

20-21 January 2022, online

Dear Early Stage Researchers,

Join us at the virtual retreat which will connect **PhD students and postdocs** from **twelve leading Life Science universities and research institutions** from **eleven European countries!** An interesting **programme** with **interactive sessions** has been prepared for you:

- **LIFE after PhD on 20/01/2022, 10:00-12:00 CET**
Get the inspiration for your future career paths through success stories and lessons learned from successful professionals with PhD in Life Sciences working in the private sector research;
- **PITCHES of Life Science INDUSTRY on 20/01/2022, 13:00-15:00, 15:30-16:30 CET**
Come and meet Alliance4Life's industrial partners with in-house R&D and career offers; Learn about the state-of-the-art infrastructure and services offered by Alliance4Life members;
- **Trends & Traps of COMMUNICATING Research on 21/01/2022, 9:00-10:15 CET**
Understand how a professional approach to communicating research results in scientific publications, in media and to public can help your research and your career;
- **FUNDING Opportunities for ESRs on 21/01/2022, 10:45-12:00 CET.**
*Use European grant opportunities and get advice on proposal writing from professionals. Don't miss insights about Marie Skłodowska-Curie Actions **MSCA Postdoctoral Fellowships**, **MSCA Staff Exchanges**, and **New Erasmus+ programme for 2021-2027.***

REGISTRATION is open until **19 January 2022** under the link **HERE**.

After your registration you'll receive a confirmation e-mail with the **ZOOM link**. Please find the **Programme** attached.

We look forward to meeting you at the event soon!

Alliance4Life is a bottom-up initiative of twelve leading Life Science institutions and universities from eleven countries of Central and Eastern Europe that aim at closing the divide in European health research and innovation. Members of the Alliance are progressive research institutions that have the necessary strength to stimulate institutional change.

Alliance4Life members:

Masaryk University (MU)- CEITEC (Central European Institute of Technology), Czech Republic
St. Anne's University Hospital Brno (FNUSA-ICRC – International Clinical Research Center), Czech Republic

Biomedical Research Center of the Slovak Academy of Sciences (BMC SAS), Slovakia

Medical University of Łódź (MUL), Poland

University of Zagreb School of Medicine (UZSM), Croatia

University of Tartu (TU), Estonia

Vilnius University – Faculty of Medicine (VU), Lithuania

Latvian Institute of Organic Synthesis (LIOS), Latvia

University of Ljubljana (UL), Slovenia

Semmelweis University (SU), Hungary

Medical University Sofia (MUS), Bulgaria

Carol Davila University of Medicine and Pharmacy (UMFCD), Romania
