Competenta in Managementul Serviciilor de Sanatate In anul **2021** am preluat functia de **medic coordonator Unitatea Functionala de Arsi** (UFA) din Spitalul Clinic de Urgenta Bagdasar Arseni. In momentul preluarii UFA dispunea numai de circuitele fizice avizate de MS fara avea insa personal specializat, dedicat tratamentului si ingrijirii marilor arsi. Am organizat concursul de angajare al personalului medical dedicat UFA (medic ATI, asistente, infirmiere, psiholog) am coordonat pregatirea asistentelor din UFA in cadrul sectiei ATI a spitalului pentru o perioada

de 6 luni. In paralel am organizat activitatea la blocul operator arsuri si in compartimentul de arsuri din cadrul sectiei de chirurgie plastica (arsuri postcritice sau de gravitate mica).

Incepand cu luna august **2021** am fost desemnat **medic coordonator pentru Programul Actiuni Prioritare Arsuri** (AP-Arsuri) al Ministerului Sanatatii in cadrul Spitalului Clinic de Urgenta Bagdasar Arseni. In cadrul acestei activitati avizez si coordonez derularea achizitiilor de materiale sanitare, consumabile si dezinfectanti necesare desfasurarii activitatii intr-o unitate supraspecializata de genul UFA.

In 2001 am redactat si implementat protocolul terapeutic al arsilor, avizat si aplicat in acest moment in Spitalul Clinic de Urgenta Bagdasar Arseni. Am instituit relatii foarte bune de colaborare cu Clinica de Recuperare din SCUBA pentru tratamentul de recuperare al arsilor sechelari in vederea integrarii lor socio-profesionale.

Am pus in aplicare si am perfectat aplicarea la nivelul UFA a Ordinului MS 2063/2020 care prevede transferul in strainatate al marilor arsi ce nu pot fi tratati in cadrul SCUBA.

Din anul **2021** am fost desemnat **medic coordonator pentru Subprogramul de Reconstructie Mamara cu Proteze Siliconice** din SCUBA in cadrul Programului National de Oncologie.
