

CURRICULUM VITAE

1. PERSONAL DATA

Name / Surname MARINESCU Dragoş Constantin Gheorghe

2. EDUCATION

Period 1998

Qualification / diploma obtained: Psychopharmacology competence

Name and type of organization providing education and training: Ministry of Health

Period 1997

Qualification / diploma obtained: Competence in economic management in psychiatry

Name and type of organization providing education and training: London High School of Economics

Period 1992 - 1995

Title of qualification awarded: Doctor of Medical Sciences

Name and type of organization providing education and training: University of Medicine and Pharmacy of Craiova (March 10, 1995, Ministerial Order 3554 / 28.03.1995, Clinical-pharmacological interfaces in the treatment of depressive syndromes without demonstrable organic support, scientific leader Prof. Victor Voicu, integrated in the volume Modern treatment of schizophrenia and affective psychoses, D. Marinescu, Aius, Craiova, 1997)

Period 1966 - 1972

Title of qualification awarded: Doctor

Name and type of organization providing education and training: Institute of Medicine and Pharmacy Târgu Mureş

3. PROFESSIONAL EXPERIENCE

Period 2015 - present

Member of the Academy of Medical Sciences

Period 2005 - present

Deputy chief editor of The Romanian Journal of Psychiatry, the official publication of Romanian Psychiatric and Psychotherapy Association.

Period 2009 – 2015

Occupation or position held: President of the Pediatric Psychiatry and Psychiatry Commission of the Ministry of Health

Main activities and responsibilities: Methodological coordination of national activities in the field of psychiatry

Name and address of employer: Ministry of Health

Type of business or sector: Public administration

Period 1991 – present

Occupation or position held: University professor; doctoral supervisor

Main activities and responsibilities: Teaching activity; research; PhD guidance; continuing medical education

Name and address of employer: University of Medicine and Pharmacy of Craiova

Type of business or sector: Higher Medical Education.

Period 2009 - 2010

Occupation or position held: Member Transparency Commission of the Ministry of Health

Main Activities and Responsibilities: Methodological Coordination of Activities Specific to National Psychiatric Assistance

Name and address of employer: Ministry of Health

Type of business or sector: Public administration

Period 2008 - 2011

Occupation or position held: Chief of Department 13 (Psychiatry, Neurology, Neurosurgery, Medical Psychology, General Psychology, Psychology of Development, Medical Sociology, Behavioral Sciences, Legal Medicine, Ophthalmology)

Main activities and responsibilities: Coordinating department; scientific research; continuing postgraduate medical education

Name and address of employer: University of Medicine and Pharmacy of Craiova

Type of business or sector: Higher Medical Education.

Period 2000 - 2004

Occupation or position held: Prodecan Faculty of Medicine

Main activities and responsibilities: Coordination of educational activity, scientific research, organization of disciplines

Name and address of employer: University of Medicine and Pharmacy of Craiova

Type of business or sector: Higher Medical Education.

Period 1991 - present

Occupation or position held: Senior psychiatrist

Main activities and responsibilities: Specialized medical assistance; medical research

Name and address of employer: Clinical Neuropsychiatry Hospital Craiova

Type of business or sector: Health

Period 1999 - 2000

Occupation or position held: General manager (founder of the hospital)

Main activities and responsibilities: Coordination and management of the sanitary unit; the achievement of the objectives set out in the national specific assistance programs in the field of psychiatry and neurology:

Name and address of employer: Clinical Neuropsychiatry Hospital Craiova

Type of business or sector: Health

Period 1997 - 1999

Occupation or position held: General Manager

Main activities and responsibilities: Coordination and management of the sanitary unit; the achievement of the objectives set out in the specific national assistance programs in the field of psychiatry, neurology, infectious diseases, HIV, TB.

Name and address of employer: Clinical Hospital Nr. 3 Victor Babes Craiova

Type of business or sector: Health

Period 1978 - 1991

Occupation or position held Psychiatrist specialist

Main activities and responsibilities Specialized medical assistance; medical research

Name and address of employer Clinical Hospital Nr. 3 Victor Babes Craiova - Psychiatric Section of Podari

Type of business or sector Health

Period 1975 - 1978

Occupation or position held: Secondary psychiatrist

Main activities and responsibilities: Specialized medical assistance; specialized training

Name and address of employer: Hospital Nr. 9 Gheorghe Marinescu Bucharest (currently Alexandru Obregia Clinical Hospital)

Type of business or sector Health

Period 1972 - 1975

Occupation or position held: Trainee physician psychiatrist

Main activities and responsibilities: Specialized medical assistance; specialized training; forensic psychiatry

Name and address of employer: Hospital Psychiatry City Dr. Petru Groza (now Ștei) Bihor County

Type of business or sector: Health

- 65 Neurobiological support in the evolutionary stages of Alzheimer's disease, 4th National Congress of Psychiatry with International Participation, Bucharest, 19 October 2011.
- 66 Neurobiological bases of antipsychotic treatment, 4th National Congress of Psychiatry with International Participation, Bucharest, 19 October 2011.
- 67 Cardinale Highlights in Psychiatry, Symposium Satelin Janssen, 4th National Congress of Psychiatry with International Participation, Bucharest, October 20, 2011.

68 The first national training project (educational course - workshop) addressed to young psychiatrists. Biological Basics of Clinical Psychopharmacology in Major Psychiatric Disorders, Craiova, 24-26 November 2011

69 Actualities in the Diagnosis and Early Treatment of Depression and Alzheimer's Disease, Craiova, Psychiatry Clinic I, April 11, 2012.

70 Educational course addressed to young psychiatrists, Depressive disorder between the biological and the psychotherapeutic slope, Craiova, 24-25 February 2012.

Neurobiology and psychopharmacology of the first episode of major psychiatric disorders. Clinical-therapeutic correlations. Craiova, National Conference of Biological Psychiatry and Psychopharmacology, March 28-31, 2012.

Clinical and psychopharmacological correlations in major psychiatric disorders. Craiova, National Conference of Biological Psychiatry and Psychopharmacology, March 28-31, 2012.

73 Actualities in the Diagnosis and Early Treatment of Alzheimer's Depression and Disease, Craiova, April 11, 2012.

74 Summer Educational Course for Young Psychiatrists, Somatic and Psychiatric Comorbidities in Major Psychiatric Disorders, Craiova, 28-29 June 2012.

75 Educational Course - Cardiometabolic Risks vs. Antipsychotic therapy - A psychiatric review, 25 th Danube Symposium of Psychiatry, Timișoara, September 26-29, 2012.

76 Presentation of the training curriculum in the field of the application of the new legislative regulations on the assessment of work capacity (GAF) and the training of professionals working in the mental health system. Course organized by the Romanian League of Mental Health and the Ministry of Health, National Conference of Psychiatry with International Participation Evidence and Values in Contemporary Psychiatry. Socola School - 107 years of psychiatry. Iasi, 4-7 October 2012

77 Problems of early diagnosis in schizophrenia, neurobiological, clinical and therapeutic elements. National Conference of Psychiatry with International Participation Evidence and Values in Contemporary Psychiatry. Socola School - 107 years of psychiatry. Iasi, 4-7 October 2012.

78 Module "Labor Capacity Assessment for Mental Health Professionals - GAF Instrument" and Module "Toxicomania" Clinical Neuropsychiatry Hospital Craiova, Dolj County, 25 October 2012, Project financed by the National Health Mental Health Program of the Ministry of Health 2012 .

Clinical, neurobiological and psychopharmacological correlations in the treatment of depressive disorders. Unilateral and bipolar depressive disorder. The report of comorbidity depressive disorder - anxiety. Regional Educational Symposium "Diagnosis and Pharmacological Treatment of Major Psychiatric Disorders" Psychiatric Clinic I, Craiova, 14 - 15 February 2013

Clinical Pharmacology of Antidepressants. Regional Educational Symposium "Diagnosis and Pharmacological Treatment of Major Psychiatric Disorders" Psychiatric Clinic I, Craiova, 14 - 15 February 2013

81 Clinical and Neurobiological Basics of Early Diagnosis and Antipsychotic Therapy. Regional Educational Symposium "Diagnosis and Pharmacological Treatment of Major Psychiatric Disorders" Psychiatric Clinic I, Craiova, 14 - 15 February 2013

Clinical Pharmacology of Antipsychotics. Adherence and therapeutic efficacy for innovative pharmacological formulations of antipsychotics. Regional Educational Symposium "Diagnosis and Pharmacological Treatment of Major Psychiatric Disorders" Psychiatric Clinic I, Craiova, 14 - 15 February 2013

83 Anti-dementia medication. The role of neurobiological evaluations in the evolution of Alzheimer's disease. Regional Educational Symposium "Diagnosis and Pharmacological Treatment of Major Psychiatric Disorders" Psychiatric Clinic I, Craiova, 14 - 15 February 2013

84 Optimization of therapeutic strategies based on clinical-neuroanatomic correlations in schizophrenia. National Conference of Biological Psychology and Psychopharmacology - with international participation - Craiova 20-23 March 2013.

Tripartite synapse in neurobiology of depressive disorder. National Conference of Biological Psychology and Psychopharmacology - with international participation - Craiova 20-23 March 2013.

86 Extrapyramidal symptoms of schizophrenia and depressive disorder - predictors of cognitive impairment. National Conference of Biological Psychology and Psychopharmacology - with international participation - Craiova 20-23 March 2013.

87 Prolonged-action antipsychotic drugs - particular psychopharmacological mechanisms for adherence and treatment compliance. National Conference of Biological Psychology and Psychopharmacology - with international participation - Craiova 20-23 March 2013.

Neurobiological arguments for antipsychotic therapy in the onset of schizophrenia. National Conference of Biological Psychology and Psychopharmacology - with international participation - Craiova 20-23 March 2013.

89 Principles of clinical psychopharmacology in the treatment of depressive disorder. National Conference of Biological Psychology and Psychopharmacology - with international participation - Craiova 20-23 March 2013.

90 Updates in MDD Psychopharmacology: the benefits of synergic ways of action. WPA Regional Congress, Bucharest, Romania, 10-13 April 2013.

91 The Pathological Importance of Alcoholic Comorbidity in Psychiatry - The 3rd Congress on Psychiatric Scientific Research in Romania, Oradea, 6-8 June 2013.

92 Current Targets and Traps of Antipsychotic Treatment - Janssen National Symposium, Multidisciplinary Approach to Patients with Severe Mental Disorders, Bucharest, May 24, 2013.

93 Neurotrophic Factors in the Age of Molecular Biology - Role and Mechanism of Action in Dementia Therapy, Workshop New neurobiological concepts, neuroprotection and neurogeneration. Neuropharmacology of multimodal molecules, Craiova, June 13, 2013.

94 Pathology of Biological Rhythms and Depression from the Perspective of Biological Psychiatry, 19th National Symposium RPNEs, Subclinical Psychoneuroendocrine Pathology. Neuroendocrinology of rhythms, May 30 - June 1, 2013, Sibiu.

95 Neurobiological, Psychopharmacological and Clinical Arguments on Alcohol-Based Therapeutic and Preventive Strategies - Round Table "National Mental Health Program - Priorities 2013 - 2104" Event organized by the National Center for Mental Health and Anti-Drug in the context of May 2013 - Month of Health Mental, Bucharest, May 29, 2013.

- 96 Neurobiological Arguments for Preventive Anticraving Strategies in Treating Alcohol Dependence, Lundbeck Symposium, Murighiol, June 13-16, 2013.
- 97 The Benefits of Synergic Mechanisms and the New Approach to Depression from the Psychopharmacological Perspective, Symposium "The New Approach to Depression from a Clinical and Psychopharmacological Perspective", VIth National Symposium of Psychiatry with International Participation "Actualities and Perspectives in the Knowledge and Treatment of Type Disorders Disorders Depression "Târgu-Mureș, 19-21 June 2013.
- 98 Seroquel XR - Innovative Formula, Improved Performance, VIth National Symposium of Psychiatry with International Participation "Actualities and Perspectives in the Knowledge and Treatment of Depressive Disorder Disorders" Târgu-Mureș, 19-21 June 2013.
- 99 New Psychopharmacological and Neurobiological Perspectives in the Treatment of Depression - Alcoholism, VIth National Symposium of Psychiatry with International Participation "Actualities and Perspectives in the Knowledge and Treatment of Depressive Disorder Disorders" Târgu-Mureș, 19-21 June 2013.
- 100 Psychopharmacological mechanisms of antipsychotic substances and adherence to treatment and social recovery in various stages of evolution of schizophrenia, National Conference Psychosocial rehabilitation between vision and achievement, Association of Social Psychiatry in Romania, Romanian Association for Psychosocial Rehabilitation, Câmpulung Moldovenesc, 7- July 14, 2013.
- 101 New Therapeutic Strategies in Addressing the Depressive Disorder - Benefits in Functional and Social Recovery, National Conference Psychosocial Rehabilitation Between Vision and Achievement, Association of Social Psychiatry of Romania, Romanian Association for Psychosocial Rehabilitation, Câmpulung Moldovenesc, 7-14 July 2013.
- 102 Anti-craving medication - the therapeutic and destigmatism of the patient with alcoholic dependence, National Conference Psycho-social rehabilitation between vision and achievement, Association of Social Psychiatry in Romania, Romanian Association for Psychosocial Rehabilitation, Câmpulung Moldovenesc, 7-14 July 2013.
- 103 Nalmefene - Pharmacological Profile, Expert Meeting on Alcohol Dependence, Brașov, September 6-8, 2013.
- 104 The need for new antidepressant drugs - a clinical reality based on synergic etiopathogenic mechanisms, Zonal Symposium of Psychiatry, Timisoara 17-19 October 2013
- 105 Psychopharmacology of antipsychotics with action taken - differences in mechanisms of action of first and second generation antipsychotics, Psychiatric Area Symposium, Timisoara 17-19 October 2013.
- 106 The glutamatergic mechanisms and the role of NMDA receptors in cognitive deficits in various psychiatric disorders, Mirvedol - A Possible Therapeutic Behavior?, Bucharest, February 7, 2014
- 107 Neurobiological and psychopharmacological models of psychomotor agitation in patients with schizophrenia and bipolar disorder, Galenica event, Poiana Brașov, February 22, 2014
- 108 Clinical, neurobiological and therapeutic updates in the pathology of alcohol dependence. Educational Course: Comorbidity of Alcoholic Addiction - Evolutionary Risk Factor in Major Psychiatric Disorders, Craiova, January 30, 2014.
- 109 Nalmefene pharmacological profile, Lundbeck Event, Bucharest, March 1, 2014.

Prolonged antipsychotic medication - psychopharmacological and neurobiological news in the therapy of schizophrenia. National Conference with International Participation in Biological Psychiatry and Psychopharmacology, Tuesday, March 25, 2014, Educational Course of Biological Psychology and Psychopharmacology for Young Physicians and Researchers.

111 New Neuro-Biological Perspective of Depression, Synergistic Mechanisms in the Current Therapeutic Approach. National Conference with International Participation in Biological Psychiatry and Psychopharmacology, Tuesday, March 25, 2014, Educational Course of Biological Psychology and Psychopharmacology for Young Physicians and Researchers.

112 Identification of clinical, evolutionary and neurobiological risk factors for incomplete therapeutic response for bipolar depression. National Conference with International Participation in Biological Psychiatry and Psychopharmacology, Tuesday, March 25, 2014, Educational Course of Biological Psychology and Psychopharmacology for Young Physicians and Researchers.

Glutamatergic mechanisms in dementia; cognitive and neuropsychiatric manifestations in neurodegenerative diseases and rare forms of dementia. National Conference with International Participation in Biological Psychiatry and Psychopharmacology, Tuesday, March 25, 2014, Educational Course of Biological Psychology and Psychopharmacology for Young Physicians and Researchers.

Neurobiological Perspective of Cognitive Damage Consequent to Infectious Processes; particular aspects of clinical psychopharmacology of antibiotic, antiviral and antifungal substances. National Conference with International Participation in Biological Psychiatry and Psychopharmacology, Tuesday, March 25, 2014, Educational Course of Biological Psychology and Psychopharmacology for Young Physicians and Researchers.

115 Alcohol dependence - a new therapeutic approach. Course held under the aegis of the Academy of Medical Sciences - Craiova Branch, National Conference with International Participation in Biological Psychology and Psychopharmacology, Wednesday, March 26, 2014, Educational Course of the Romanian Society of Biological Psychology and Psychopharmacology.

116 Therapeutic strategies in the model of multisystemic pathology of depression, National Conference with International Participation of Biological Psychology and Psychopharmacology, Wednesday, March 26, 2014, Educational Course of the Romanian Society of Biological Psychology and Psychopharmacology.

117 Biological indicators in early diagnosis and prediction of therapeutic response in schizophrenia and bipolar disorder. National Conference with International Participation in Biological Psychology and Psychopharmacology, Wednesday, March 26, 2014, Educational Course of the Romanian Society of Biological Psychology and Psychopharmacology.

118 Beyond Positive Symptoms in Schizophrenia, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, March 26-29, 2014

119 Innovative Psychopharmacological Approaches in the Treatment of Depression, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, March 26-29, 2014

- 120 A New Approach to Alcoholism Based on Neurobiological Models - Focus Opioid Receptors, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, March 26-29, 2014
- 121 Neurobiology of affective disorders in the clinic, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, March 26-29, 2014
- 122 Re-evaluation of Dopaminergic Mechanisms in Schizophrenia Therapy - The Role of Dopaminergic Modulators, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, March 26-29, 2014
- 123 Actualities in neurobiology and psychopharmacology of depression. The role of synergistic mechanisms. Servier Event, Bucharest, May 9, 2014.
- 124 Management of bipolar affective disorder in the clinic. Relevant aspects for a favorable prognosis. Astra Zeneca event, Bucharest, May 14, 2014.
- 125 Actualities in neurobiology and psychopharmacology of depression. The role of synergistic mechanisms. Servier Event, Oradea, May 15, 2014.
- 126 Neurobiological Evidence of Continuous Treatment in Schizophrenia. National Symposium of Psychiatry "The Benefits of Long-Term Continuous Treatment in Schizophrenia" Snagov Conference Center May 23, 2014
- The risk of psychomotor agitation in the development and treatment of personality disorders associated with schizophrenia and bipolar disorder. XIIth National Symposium of the Romanian Association for the Study of Personality, Sibiu, May 29 - June 1, 2014.
- 128 Neurobiological facts in the treatment of depression. XIIth National Symposium of the Romanian Association for the Study of Personality, Sibiu, May 29 - June 1, 2014.
- 129 Biological, Psychopharmacological and Psychosocial Arguments for a New Approach to Alcohol Therapy. XIIth National Symposium of the Romanian Association for the Study of Personality, Sibiu, May 29 - June 1, 2014.
- 130 Neurobiological and Psychopharmacological Arguments for the New Drug Strategies in the Depressive Disorder, APT Symposium for Psychiatric Symposium, Timisoara, 24-25 April 2014
- 131 Neurobiological and Psychopharmacological Arguments for the New Drug Strategies in the Depressive Disorder, APT Symposium for Psychiatric Symposium, Timisoara, 24-25 April 2014
- 132 Actualities in neurobiology of depression, APT Symposium of Psychiatric Symposium, Timisoara, April 24-25, 2014.
- 133 How and when we use antipsychotic treatment: Biological and psychopharmacological models of psychotic disorders, VIIth International Conference on Romanian-Hungarian Psychiatry, 26-29 June 2014, Miercurea Ciuc
- Neurobiological models in major depressive disorder. The role of innovative therapies. Multisystemic Disease Depression Symposium "Biological Basics and Clinical Psychopharmacology in Affective, Deterioration-Dementia, Addiction and Schizophrenia Disorders", Craiova, September 8 - 10, 2014

Neurobiological mechanisms with therapeutic benefits in the treatment of affective disorders in schizophrenia with prolonged antipsychotic substances, Symposium "Biological Basics and Clinical Psychopharmacology in Affective Disorders, Deterioration-Dementia, Addiction and Schizophrenia" Craiova, 8-10 September 2014

136 Differentiated Neurobiological Mechanisms in Type I and II Bipolar Disorders, Symposium "Biological Basics and Clinical Psychopharmacology in Affective, Deterioration-Dementia, Addiction and Schizophrenia Disorders" Craiova, September 8 - 10, 2014

137 Addition to alcohol in prodromal phases of dementia. The role of preventive therapeutic strategies. Symposium "Biological Basics and Clinical Psychopharmacology in Affective, Deterioration-Dementia, Addiction and Schizophrenia Disorders" Craiova, 8-10 September 2014

138 Preventive strategies for alcohol dependence based on opioid mechanisms Symposium "Biological basics and clinical psychopharmacology in emotional, dementia-demential, addictive and schizophrenic disorders" Craiova, 8-10 September 2014

139 New Technologies in Research, Diagnosis and Psychiatric Care in the Digital Age. Biological and Fundamental Research in Psychiatry: Depression and Neurohormones AMRPR Congress 2014, 03 - 05 September 2014, Hotel Ibis Palace of Parliament, Bucharest

140 When and how do we use prolonged action injections of antipsychotics in schizophrenia therapy? Congress AMRPR 2014, 03 - 05 September 2014, Hotel Ibis Palace of Parliament, Bucharest

141 Neurobiological models of psychomotor agitation in schizophrenia and bipolar disorder vs. neurological models. therapeutic attitude The 5 th National Congress of Psychiatry, 08 - 11 October 2014, International Conference Center, Sinaia

142 Prolonged-acting antipsychotic medication used at the onset of schizophrenia - efficacy, risks, benefits The 5th National Congress of Psychiatry, 08-11 October 2014, the International Conference Center, Sinaia

143 The biological bases of the new psychopharmacological models in depressive disorder The 5th National Congress of Psychiatry, 08 - 11 October 2014, International Conference Center, Sinaia

Clinical and Biological Markers for Predicting the Risk Potential for Schizophrenia in Children and Adolescents, National Conference on Child and Adolescent Psychiatry, Bucharest, November 7, 2014

145 Challenges of Antidepressant Treatment in Patients with Associated Cardiovascular Diseases, Forum Psihiatru.ro, V-Edition, Breaking News: Psychiatry, 8 November 2014

146 News in Psycho-Pharmacological Therapy of Schizophrenia, Forum Psihiatru.ro, V-Edition, Breaking News: Psychiatry, November 8, 2014

147 Synergistic mechanisms of antidepressants and therapeutic benefit. Psychopharmacological and Clinical News in Major Psychiatric Pathology, Craiova, December 18, 2014

148 Strategies of therapeutic switch to aripiprazole with prolonged action. Psychopharmacological and Clinical News in Major Psychiatric Pathology, Craiova, December 18, 2014

- 149 Neuroprotection - an essential factor in cognitive preservation of depressive disorders. Psychopharmacological and Clinical News in Major Psychiatric Pathology, Craiova, December 18, 2014
- 150 Biological markers of early diagnosis in Alzheimer's disease. Neural Ratio - Glial System in Early Therapeutic Strategies, Expert Meeting "Early Diagnosis of Alzheimer's Disease", February 25, 2015, Bucharest
- 151 Neurobiological Mechanisms and Therapeutic Action of Timostabilizers in Major Psychiatric Disorders, National Conference with International Participation in Biological Psychology and Psychopharmacology, 18-21 March 2015
- 152 The differences between the princeps substance and the active metabolite in the LAI psychopharmacology (risperdone vs. paliperidone), National Conference with International Participation in Biological Psychology and Psychopharmacology, 18-21 March 2015
- 153 Synergistic Mechanisms in the Etiopathy of Depressive Disorder, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 154 Psychopharmacology of quetiapine XR and pharmaco-biological correlations in etiopathogenesis and treatment of bipolar depression, National Conference with International Participation of Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 155 Infectious Factors in the Etiopathy of Major Psychiatric Disorders, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 156 Early diagnosis of deterioration-dementia disorders. Clinical Evidence vs. Biological indicators. Neural Ratio - Glial System in Early Therapeutic Strategies, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- Neuroprotection 157. Neurogenesis vs. Disconetivity and Metaconactivity in major psychiatric disorders
- 158 Current Perspectives in the Etiopathogenesis of Schizophrenia, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 159 Etiopathogenic and pharmacological correlations of psychomotor agitation and aggression in schizophrenia and bipolar disorder, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 160 Possibilities to Prevent Neurobiological Risks from Pediatric Surgery Supported by Evidence on Animal Model, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 161 Opioid Mechanisms in Primary and Dual Alcohol Therapy, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 162 Paliperidone Palmitate: Benefits of Monthly Administration in Schizophrenic Patients, National Conference with International Biological Psychiatric Participation and Psychopharmacology, 18-21 March 2015

- 163 Particularities of Bipolar Affective Disorder Management. Relevant elements for a favorable prognosis, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 164 Actualities in major depressive episode management, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 165 Therapeutic Management in Schizophrenia. Optimization of long-term outcomes, National Conference with International Participation in Biological Psychology and Psychopharmacology, 18-21 March 2015
- 166 Protective opportunities for the functionality of patients with schizophrenia. The role of extended-release aripiprazole, National Conference with International Participation in Biological Psychiatry and Psychopharmacology, 18-21 March 2015
- 167 Primary Prevention Elements of Schizophrenia Disorders, Medic.ro Conference, Craiova, April 28, 2015
- 168 Neurobiological and Psychopharmacological Basics of Antisocial Behavior in Schizophrenia, XIIIth National Symposium of the Romanian Association for the Study of Personality, Alba Iulia, 23-26 April 2015
- 169 Etiopathogenic and pharmacological correlations of psychomotor agitation and aggression in schizophrenia, bipolar disorder and depression, XIIIth National Symposium of the Romanian Association for the Study of Personality, Alba Iulia, 23-26 April 2015
- Neurobiological and psychopharmacological particular mechanisms of aripiprazole treatment with prolonged action in schizophrenia. Reducing the antisocial problems represented by the residual personality disorders and dual pathology, the 13th National Symposium of the Romanian Association for the Study of Personality, Alba Iulia, 23-26 April 2015
- 171 The Difference in the Treatment of Cardiovascularly Depressed Patients, Medic.ro Conference, Craiova, April 28, 2015
- 172 Neurological Perspective on the Benefits of Prolonged Action Injection Antipsychotics, National Symposium of Psychiatry, Destination: Remission and Recovery. Current Objectives in the Treatment of Schizophrenia, Bucharest, May 8, 2015.
- 173 The Neurobiological Model of Bipolar Depression and Real Therapeutics, National Conference on Bipolar Disorders and Related Suffrations, Oradea, 21-23 May 2015
- 174 Synergistic Mechanisms in Neurobiology and Psychopharmacology of Depression, National Conference on Bipolar Disorders and Related Suffrations, Oradea, 21-23 May 2015
- 175 Psychomotor agitation - a behavioral risk factor in bipolar disorder. Therapeutic role of immediate-acting antipsychotic drugs and therapeutic strategies based on first and second-generation LAI antipsychotics, National Conference on Bipolar Disorders and Related Suffocation, Oradea, 21-23 May 2015
- 176 Actualities in Depression Neurobiology, VIIth National Symposium of Psychiatry with International Participation "Actualities and Prospects in the Knowledge and Treatment of Depressive Disorder Disorders" 4 - 7 June 2015, Tîrgu-Mureş

177 Current Perspective in Psychopharmacology of Schizophrenia, New Biological Models and Development of Differential Therapeutic Strategies. Current Perspective in Psychopharmacology of Schizophrenia, Bucharest, June 10, 2015.

178 Current Perspective in Psychopharmacology of Schizophrenia, New Biological Models and Development of Differential Therapeutic Strategies. Current Perspective in the Psychopharmacology of Schizophrenia, Craiova, June 17, 2015.

179 Biological and Psychopharmacological Mechanisms in LAI Therapies for Functional Recovery, Conference The Role of Community Psychiatry in Forensic Psychiatry, Câmpulung Moldovenesc, 2 - 4 July, 2015

180 Dopaminergic modulators - innovative antipsychotic substances in the pharmacological concept of long-term therapies in schizophrenia, Conference "The Role of Community Psychiatry in Forensic Psychiatry", Câmpulung Moldovenesc, 2-4 July, 2015

181 Extrapyramidal phenomena and hyperprolactinaemia induced by antipsychotic medication - predictive factors of antisocial manifestations in patients with schizophrenia and bipolar disorder. The Value of Switching Strategies, Conference "The Role of Community Psychiatry in Forensic Psychiatry", Câmpulung Moldovenesc, 2-4 July, 2015

182 Current neurobiological models of depression (melatoninerig model) vs. neuron / astroglie report - National Symposium with International Participation, Timisoara 9-11 September 2015

183 Etiopathogenic support of antipsychotic psychopharmacological strategies based on LAI substances - National Symposium with International Participation, Timisoara 9-11 September 2015

184 Current neurobiological models of depression (melatoninerig model) vs. neuron / astroglie report - National Symposium with International Participation, Timisoara 9-11 September 2015

185 From current neurobiological models to interventional and observational studies - AMRPR National Congress, Timisoara 11-13 September 2015

When ingestion of prolonged-action injections of antipsychotics (Focus paliperidone) is given. Individualization of treatment according to clinical and neurobiological models - AMRPR National Congress, Timisoara 11-13 September 2015

14. EDUCATIONAL PROJECTS AND CONTINUING EDUCATION

1. Marinescu D, Marinescu I, Pirlog M. Actualități biologice în tratamentul medicamentos al tulburării depresive, <http://www.cursurimedice.ro/cursuri>. (18 credite EMC, conform Adresei 6174/09.10.2014)

2. Curs organizate de UMF Craiova și Autoritatea Națională de Management al Calității în Sănătate (ANMCS), și Academia de Științe Medicale din România "Riscurile clinice asociate medicației psihotrope și efectele adverse induse de medicația non psihotropă utilizată în asistența medicală psihiatrică", coordonat de Acad. Prof. Univ. Dr. Dragoș Marinescu, iunie-iulie 2020, 19 credite EMC.

3. Curs organizate de UMF Craiova și Autoritatea Națională de Management al Calității în Sănătate (ANMCS), și Academia de Științe Medicale din România, "Infecțiile în sarcina – factori de risc matern, neonatal și psihiatric, septembrie 2020, 19 credite EMC.

15. CONGRESSES AND SCIENTIFIC MEETINGS DURING 2018 - PRESENT
