ASSISTANT PROFESSOR (ASISTENT UNIVERSITAR) UNIVERSITATEA DE MEDICINĂ ȘI FARMACIE CAROL DAVILA BUCUREȘTI

01/04/2022 – CURRENT Bucharest, Romania

COORDINATOR BUCHAREST ACUTE PANCREATITIS INDEX (BUC-API)

BUC-API registry is a biological database including 2039 cases of: Acute Pancreatitis, Recurrent Acute Pancreatitis and Acute-on-Chronic Pancreatitis that were admitted in Emergency University Hospital of Bucharest between 2015-2022.

My work in this registry involves coordinating a team of around 30 volunteers (mostly medicine students) to gather clinical data from those cases and to statistically interpret the data.

More information & recommendation from Prof. Lucian Negreanu (lucian.negreanu@umfcd.ro)

01/2019 – 02/2020 Bucharest, Romania

● **EDUCATION AND TRAINING**

01/10/2019 – CURRENT Bucharest, Romania

POSTGRADUATE DOCTORAL DIPLOMA Carol Davila University of Medicine and Pharmacy

My thesis title is: *Prediction of severity and prognostic in early-phase of Acute Pancreatitis*. The aim of my research is to find possible correlations between biomarkers found on hemogram, scores used in AP (BiSAP, Ranson, APACHE II, SOFA) and on the other hand the outcome of our patients. I sought to find this correlations observing the fact that a lot of patients with AP that are admitted won't develop complications. This means a lot of our resources are spent on cases that doesn't need them and that can be spent on other, more severe, patients.

My thesis coordinator is Mr. Lucian Negreanu MD., Associate Professor of Gastroenterology within Carol Davila University of Medicine and Pharmacy, Bucharest and head of 2nd Department of Internal Medicine (Gastroenterology) at University Emergency Hospital of Bucharest.
